- A copy of the **TaxPack 2010**
- A copy of the **TaxPack 2010 Supplement booklet**
- A copy of the 'Guide to foreign income tax offset rules 2009-10' booklet
- Your **Annual Taxation Statement - For Year Ended 30 June 2010**

## IMPORTANT INFORMATION

- This guide assumes you are an Australian resident individual taxpayer with units in one or more **Centro MCS Syndicate**. This guide should not be used for other investment income, nor should it be used for other types of taxpayers such as a company, trust, partnership or superannuation fund.
- This guide assumes that you do not have any current year or carried forward revenue losses, capital losses or foreign losses and that you hold your units as an investment rather than as part of a business that trades in these types of investments.
- Your Annual Taxation Statement for the year ended 30 June 2010 summarises the distributions you received in respect of the 12 months ended 30 June 2010. You should note that the distributions are generally assessable in the year they are earned, regardless of when they are paid. Your Annual Taxation Statement summarises this information for you.
- If you have more than one Annual Taxation Statement from a Centro MCS Syndicate investment, please add them up before disclosing the totals in the appropriate boxes of the tax return.
- Please refer to Page 12 of this tax guide if you have sold your investment during the year ended 30 June 2010.

### Note

The taxation treatment of investment income can be complex. If you have any doubt about your tax position, we recommend you seek professional taxation advice from your accountant or taxation adviser. This guide should not be relied upon as taxation advice.

Please use the tables below to locate the relevant tax guide for your investment.

## Annual Taxation Statement For the Year Ended 30 June 2010

Dear Investor

This statement has been prepared to assist with the completion of your Income Tax Return. The following is a summary of your taxable income relating to your total distribution for the year ended 30 June 2010. Generally, this income will be assessable in your 2009-10 income tax return, however, investors should seek their own tax advice. You should refer to the 2010 Annual Tax Return Guide for Individuals prior to completing your Income Tax Return. The 2010 Annual Tax Return Guide can be obtained from [www.centro.com.au](http://www.centro.com.au) or by contacting us on 1800 802 400 for a hard copy.

Syndicate Name	1. Australian Taxable Income	2. Discounted Capital Gain – Australian	3. Concession Capital Gain – Australian	4. Tax Deferred Income	5. Tax Deducted	6. Loan Interest	7. Borrowing Costs

**Net Distribution Paid: = \$#####**

**Calculation = 1 + 2 + 3 + 4 - 5 - 6**

## B. Capital Gains Components (Items 2 and 3)

### Step 1

Refer to your TaxPack 2010 Supplement booklet. If your distribution includes capital gains, you should print **X** in the **YES** box at **Box G** of **Question 18**. As none of the CGT events of Centro MCS Syndicates relate to a forestry managed investment scheme interest, you should print **X** in the **NO** box at **Box Q** of **Question 18**. If your distribution does not include capital gains, then you do not need to read any further.

### Step 2

Multiply the 'Discounted Capital Gain – Australian' (Item 2) as shown on your Annual Taxation Statement for the year ended 30 June 2010 by two.

### Step 3

Enter the amount calculated in Step 2 in **Box H** titled 'Total current year capital gains' in **Question 18**.

### Step 4

Multiply the amount calculated in Step 2 by the relevant discount percentage as indicated in Note 2 of your Annual Taxation Statement for the year ended 30 June 2010.

Now subtract this calculated discount amount from the amount calculated under Step 2 and enter your net capital gain at **Box A** titled 'Net capital gain' in **Question 18**.

**Note:** The amounts for 'Concession Capital Gain – Australian' as shown on your Annual Taxation Statement for the year ended 30 June 2010 do not need to be disclosed at any label in your 2009-10 income tax return.

**Note:** The above recommended steps are not applicable where you have current or prior year carried forward capital losses. If you have any capital losses, we recommend that you seek professional taxation advice on how to complete your tax return for capital gains.

## C. Tax Deferred Income (Item 4)

Generally, Tax Deferred Income is not taxable when received. Tax Deferred Income received reduces the capital gains tax cost base of your units. Once the total Tax Deferred Income amounts received by you during the total period that you hold your units exceeds your cost base in respect of those units, the excess distributions will be subject to tax under the capital gains tax provisions. In addition, as you acquired your units after 19 September 1985, if you sell your securities, your capital gain or loss will be calculated by subtracting from your sale proceeds, the cost base of your units reduced by the total Tax Deferred Income amounts received by you from that investment.

If there was a Repayment of Investors' Loan by a Syndicate, the amount of the repayment is included as a component of the Tax Deferred Income.

## A. Australian Taxable Income Components (Items 1 and 5)

### Step 1

Refer to your TaxPack 2010 Supplement booklet. In **Question 13** 'Partnerships and trusts', under the heading of 'Non-primary production', enter the total Australian Taxable Income at **Box U** as shown on your Annual Taxation Statement for the year ended 30 June 2010.

### Step 2

If you have incurred any deductible expenses in deriving this income, you should include the total of the expenses in **Box Y** in **Question 13**.

### Step 3

Determine from the information provided in TaxPack 2010 Supplement on page **s5, Part C, Step 3** which code (if any) should be put in the box to the right of **Box Y** in **Question 13**.

### Step 4

Subtract the total deductions at **Box Y** from the amount you entered at **Box U** in **Question 13**.

### Step 5

Enter the amount worked out in Step 4 in the 'Net non-primary production distribution' box in **Question 13**. If this is a negative amount (i.e. a loss) enter '**L**' in the box to the right of this figure.

### Step 6

Enter the total amount of Tax Deducted (Item 5) as shown on your Annual Taxation Statement for the year ended 30 June 2010 (if any), in **Box R** of **Question 13**.
